2010 Annual Report

“The Entrepreneurial Difference”

**ANNUAL REPORT TO SHAREHOLDERS
OF
RENN GLOBAL ENTREPRENEURS FUND, INC.
December 31, 2010**

Dear Shareholder,

2010 was one of the most interesting and, in many ways, one of the strangest periods. We did make progress on three strategies we outlined in last years' report. We believe this will contribute to good results in 2011 and beyond.

The first strategy was to recognize the worldwide growth of entrepreneurs (founder-owner-visionaries), especially in the world's fastest growth area, China. The second strategy was to work with legacy companies to create value. The last strategy was to have strong core holdings that would keep on growing and provide value to shareholders.

Of our twenty-six holdings, ten are now related to the long-term prospects of China. These companies have been growing rapidly and are selling at low valuations in relation to earnings. Most importantly, they are led by outstanding management teams who have major ownership positions and clear visions of their future.

During 2010, several US-traded Chinese companies reported financial reporting problems. While these companies were a small percent of all US-traded Chinese companies, the short sellers promoted the idea that all Chinese companies have problems. This strategy actually worked as the whole Chinese group went down. In my opinion, this has resulted in a great buying opportunity. While we admit there will be fraud in some Chinese companies just as in some US companies, it is a myth that all Chinese are committing fraud. We believe when the "dust settles" we could see major appreciation here.

We made good progress on our second strategy to realize value from long-term troubled legacy holdings. The most important event has been the announcement of the selling of the assets of Integrated Security Systems, Inc. (IZZI) for \$6 million in cash and notes. We now have a company with liquid assets, a large tax loss, and is a full reporting public company. One of the primary goals for management is to find an attractive, profitable, growing company that wishes to have a public vehicle. We are hoping to create significant value here. We are at the same time accelerating our efforts to find a merger partner for CMSF, Inc., which is a full reporting public company but with no assets.

The last strategy is to work with our core holdings. Access Plans, Inc. (APNC) has announced the hiring of an investment banker to study ways to increase shareholder value including going private or selling the company. The public market does not seem to reflect the true value of the company. Bovie Medical Corporation. (BVX) has announced several new products. The most important is, "J Plasma" which could revolutionize several surgical procedures. We expect a good recovery in this stock. A new core holding PHC, Inc. (PHC) relates to mental health treatment programs and has been reporting good financial results. We have a number of other core holdings which we believe will do well in 2011.

We have elected not to hold our Annual Investors Conference in May but are considering a later investor conference based on publicly traded "Founder-Owner-Visionary" companies. We will have our 2010 Annual Shareholders Meeting on Thursday, May 26, 2011 at the Doubletree Hotel, Campbell Center at 10:00 a.m. to conduct voting and discuss our portfolio.

In review, your Fund has distributed \$83.4 million in cash and deemed dividends in the past. We are optimistic about the next several years and appreciate the shareholders' support.

Sincerely,

Russell Cleveland
President and CEO

RENN Global Entrepreneurs Fund, Inc.
Notes to the Financial Statements
December 31, 2010

Note 1 Organization and Business Purpose

RENN Global Entrepreneurs Fund, Inc. (the “Fund”), formerly known as Renaissance Capital Growth & Income Fund III, Inc., is a registered, non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended (the “1940 Act”).

The Fund, a Texas corporation, was organized and commenced operations in 1994 and is registered under and pursuant to the provisions of Section 8(a) of the 1940 Act.

The investment objective of the Fund is to provide its stockholders primarily with long-term capital appreciation by investing substantially in convertible and equity securities of emerging growth companies traded on U.S. securities exchanges.

RENN Capital Group, Inc. (“RENN Group”), a Texas corporation, serves as the Investment Adviser to the Fund. In this capacity, RENN Group is primarily responsible for the selection, evaluation, structure, valuation, and administration of the Fund’s investment portfolio, subject to the supervision of the Board of Directors. RENN Group is a registered investment adviser under the Investment Advisers Act of 1940, as amended.

Note 2 Summary of Significant Accounting Policies

Valuation of Investments

Portfolio investments are stated at their estimated fair value as determined by RENN Group (Note 5).

Revenue Recognition

The Fund recognizes realized gain/loss in the period of the sale based upon the identified cost basis. Change in unrealized gain/loss is reflected during the period of the change. Dividend income is recorded on the record date. Interest income is recorded as earned on an accrual basis. The Fund reserves any dividends or interest income which is deemed to be uncollectable.

Cash and Cash Equivalents

As of December 31, 2010, cash is at risk to the extent that it exceeds Federal Deposit Insurance Corporation insured amounts. The Fund has not experienced any losses as a result of this risk. The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. As of December 31, 2010, cash equivalents were held in the Federated Prime Obligations Fund which is not covered by depository insurance.

Income Taxes

The Fund has elected the income tax treatment available to “regulated investment companies” (“RIC”) under Subchapter M of the Internal Revenue Code (“IRC”) which allows the Fund to be relieved of federal income tax on that part of its net investment income and realized capital gains that it pays out to its stockholders. Such requirements to qualify for RIC status include, but are not limited to certain qualifying income tests, asset diversification tests and distribution of substantially all of the Fund’s taxable investment income to its stockholders. It is the intent of management to comply with all IRC requirements as they pertain to a RIC and to distribute all of the Fund’s taxable investment income and realized long-term capital gains within the defined period under the IRC to qualify as a RIC. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in the Fund’s net assets as well as the amount of cash available for distribution to stockholders. Continued qualification as a RIC requires management to satisfy certain investment diversification requirements in future years. There can be no assurance that the Fund will qualify as a RIC in future years.

RENN Global Entrepreneurs Fund, Inc.
Notes to the Financial Statements
December 31, 2010

Note 2 Summary of Significant Accounting Policies, continued

Federal income taxes payable on behalf of stockholders on realized capital gains that the Fund elects to retain are accrued and reflected as tax expense paid on behalf of stockholders on the last day of the tax year in which such gains are realized.

Net Decrease in Net Assets resulting from operations per share

Net decrease in net assets resulting from operations per share is based on the weighted average number of shares outstanding of 4,463,967 during the year ended December 31, 2010.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

Note 3 Due to/from Broker

The Fund conducts business with various brokers for its investment activities. The clearing and depository operations for the investment activities are performed pursuant to agreements with these brokers. "Due from broker" would represent unsettled sales transactions. "Due to broker" represents a margin loan payable to this broker, which is secured by investments in securities maintained with the lending broker as collateral for the margin loan (as indicated by footnote 5 on the schedule of investments). The Fund is subject to credit risk to the extent the brokers are unable to deliver cash balances or securities, or clear security transactions on the Fund's behalf. RENN Capital Group, Inc., the investment adviser, actively monitors the Fund's exposure to these brokers and believes the likelihood of loss under those circumstances is remote. At December 31, 2010, "due from broker" balance was \$0 and the "due to broker" balance was \$949,940.

The terms on a margin loan are governed by federal regulation and by the rules of National Association of Securities Dealers ("NASD") and the securities exchanges. In general under Federal Reserve Board Regulation T, firms can lend a customer up to 50% of the price of a security. The rules of NASD and the exchanges supplement the requirements of Regulation T by placing "maintenance" margin requirements on customer accounts. Under the rules of the broker, equity in the account must not fall below 30% of the current market value of the securities in the account that have a market value above \$6.625 or \$2.00 per shares for securities that have a market value between \$2.125 and \$6.625. The failure to do so may cause the brokerage firm to force the sale of or liquidate the securities in the account in order to bring the account's equity back to the required level. The loan is not made for any specific term or duration but is due and payable at the brokerage firm's discretion. The Fund has a negotiated interest rate of 200 basis points over the 12-Month LIBOR rate. The interest will vary with any changes in the Federal Funds rate. The interest charges are added to the loan balance. At December 31, 2010 the margin interest rate was 2.783%. The margin loan balance is secured by the securities as explained on the schedule of investments. The Fund has a policy allowing it to borrow not more than 33% of the Fund's Net Asset Value as of the time of borrowing for purposes of taking advantage of investments deemed to be in the best interest of the Fund or to borrow such amounts as deemed necessary and prudent as a temporary measure for extraordinary or emergency purposes. Federal regulations under the 1940 Act require that the Fund maintain 300% assets coverage in relation to any borrowed amount.

Note 4 Management Fees and Incentive Fees and Reimbursement

Pursuant to an Amended and Restated Investment Advisory Agreement (the "Agreement") effective May 15, 2009, RENN Group performs certain services, including certain management, investment advisory and administrative services necessary for the operation of the Fund. In addition, under the Agreement, the RENN Capital Group, Inc. is reimbursed by the Fund for certain legal, compliance and directly allocable administrative expenses. A summary of fees and reimbursements paid by the Fund under the Agreement is as follows:

RENN Capital Group, Inc. receives a management fee equal to a quarterly rate of 0.4375% of the Fund's net assets, as determined at the end of such quarter, each payment to be due as of the last day of the calendar quarter. The Fund incurred \$237,643 during the year ended December 31, 2010 for such management fees.

RENN Capital Group, Inc. was reimbursed by the Fund for directly allocable administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$53,924 during the year ended December 31, 2010.

At December 31, 2010 the Fund had an account payable of \$67,422 for the amount due for the fees and expense reimbursements disclosed above.

Note 5 Valuation of Investments

Investments are carried in the statements of assets and liabilities at fair value, as determined in good faith by the RENN Capital Group, Inc., subject to the approval of the Fund's Board of Directors. The convertible debt securities held by the Fund generally have maturities between five and seven years and are convertible (at the discretion of the Fund) into the common stock of the issuer at a set conversion price. The common stock underlying these securities is generally unregistered and thinly-to-moderately traded. Generally, the Fund negotiates registration rights at the time of purchase and the portfolio companies are required to register the shares within a designated period, and the cost of registration is borne by the portfolio company. Interest on the convertible securities is generally payable quarterly. The convertible debt securities generally contain embedded call options giving the issuer the right to call the underlying issue. In these instances, the Fund has the right of redemption or conversion. The embedded call option will generally not vest until certain conditions are achieved by the issuer. Such conditions may require that minimum thresholds be met relating to the market price of underlying common stock, liquidity, and other factors.

The Fund follows the provisions of Accounting Standards Codification ASC 820, *Fair Value Measurements*, under which, the Fund has established a fair value hierarchy that prioritizes the sources ("inputs") used to measure fair value into three broad levels: inputs based on quoted market prices in active markets (Level 1 inputs); observable inputs based on corroboration with available market data (Level 2 inputs); and unobservable inputs based on uncorroborated market data or a reporting entity's own assumptions (Level 3 inputs). The Fund's valuation policies are as follows:

On a weekly basis, RENN Group prepares a valuation to determine fair value of the investments of the Fund. The Board of Directors approves the valuation on a quarterly basis. Interim board involvement may occur if material issues arise before quarter end. The valuation principles are described below.

- Unrestricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is generally valued at the closing price on the date of valuation.
- Restricted common stock of companies listed on an exchange, NASDAQ or in the over-the-counter market is valued based on the quoted price for an otherwise identical unrestricted security of the same issuer that trades in a public market, adjusted to reflect the effect of any significant restrictions.

RENN Global Entrepreneurs Fund, Inc.
Notes to the Financial Statements
December 31, 2010

Note 5 Valuation of Investments, continued

- The unlisted preferred stock of companies with common stock listed on an exchange, NASDAQ or in the over-the-counter market is valued at the closing price of the common stock into which the preferred stock is convertible on the date of valuation.
- Debt securities are valued at fair value. The Fund considers, among other things, whether a debt issuer is in default or bankruptcy. It also considers the underlying collateral. Fair value is generally determined to be the greater of the face value of the debt or the market value of the underlying common stock into which the instrument may be converted.
- The unlisted in-the-money options or warrants of companies with the underlying common stock listed on an exchange, NASDAQ, or in the over-the-counter market are valued at fair value (the positive difference between the closing price of the underlying common stock and the strike price of the warrant or option). An out-of-the money warrant or option has no value; thus, the Fund assigns no value to it.
- Investments in privately held entities are valued at fair value. If there is no independent and objective pricing authority (i.e. a public market) for such investments, fair value is based on the latest sale of equity securities to independent third parties. If a private entity does not have an independent value established over an extended period of time, then the Investment Adviser will determine fair value on the basis of appraisal procedures established in good faith and approved by the Board of Directors.

The following table shows a summary of investments measured at fair value on a recurring basis classified under the appropriate level of fair value hierarchy as of December 31, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Convertible Bonds	0	\$ 520,282	\$1,087,535	\$ 1,607,817
Convertible Preferred Equities	0	33,718	938	34,656
Common stock	\$9,065,193	1,752,956	216,422	11,034,571
Miscellaneous Securities	<u>0</u>	<u>514</u>	<u>90,000</u>	<u>90,514</u>
Total Investments	<u>\$9,065,193</u>	<u>\$2,307,470</u>	<u>\$1,394,895</u>	<u>\$12,767,558</u>

RENN Global Entrepreneurs Fund, Inc.
Notes to the Financial Statements
December 31, 2010

Note 5 Valuation of Investments, continued

The Fund classifies all assets in Level 1, 2 and 3 and makes the appropriate changes at the end of each period. The Following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value:

<u>Level 3</u>	
Beginning Balance – December 31, 2009	\$ 1,872,007
Purchase of Securities	37,183
Transfers into Level 3	900,869
Transfers out of Level 3	(1,113,794)
Changes in unrealized gain or loss	<u>(301,370)</u>
Ending Balance – December 31, 2010	<u>\$ 1,394,895</u>

The Fund has adopted a policy of recording any transfers of investment securities between the different levels in the fair value hierarchy as of the end of the year. The transfers into Level 3 and out of Level 3 identified above were due to changes in the observability of the inputs used by the Fund to estimate the fair value of certain securities.

Note 6 Income Taxes

During 2010 management followed a policy of distributing all of the Fund's taxable investment income and realized capital gains within the defined period under the IRC to ensure that any Federal income tax on such income, if any, is paid by the Fund's stockholders. During the year ended December 31, 2010 the Fund had a short-term capital gain of \$419,366 reduced by a long-term capital loss of \$97,082 which was offset by a net investment loss of \$526,167. Therefore, there was no taxable investment income or realized long-term capital gains, and therefore no declaration of any distributions. Accordingly, no income tax expense was reported by the Fund for the year ended December 31, 2010. The Fund had a tax loss carryforward of \$9,099,359 for the year ended December 31, 2010, which is available to offset future realized capital gain for a period of seven years. No income tax benefit has been reflected on this carryforward, as the income tax application has not yet been determined.

(a) Total investment return is calculated by comparing the common stock price on the first day of the period to the price on the last day of the period. The calculation also assumes reinvestment of distributions at actual prices pursuant to the Company's dividend reinvestment plan and reflects taxes paid by the fund for deemed distributions. Total investment return calculated for a period of less than one year is not annualized.

(b) Average net assets have been computed based on monthly valuations.

Note 8 Subsequent Events

In preparing the accompanying financial statements, in accordance with Statement of Financial Accounting Standards ("FAS") No. 165, "Subsequent Events", the Fund has reviewed events that have occurred after December 31, 2010 through March 1, 2011, the date the financial statements were available to be issued. During this period, the Company did not have any material subsequent events.

Report of Independent Registered Public Accounting Firm

To the Shareholders and
Board of Directors of
RENN Global Entrepreneurs Fund, Inc.

We have audited the accompanying statement of assets and liabilities, including the schedule of investments, of RENN Global Entrepreneurs Fund, Inc. (the "Company"), as of December 31, 2010, and the related statements of operations and cash flows for the year ended December 31, 2010, and the statements of changes in net assets and financial highlights for the years ended December 31, 2010 and 2009. The Company's management is responsible for these financial statements and financial highlights. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2010, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of RENN Global Entrepreneurs Fund, Inc. as of December 31, 2010, the results of its operations and its cash flows for the year ended December 31, 2010, and statements of changes in net assets and financial highlights for the years ended December 31, 2010 and 2009, in conformity with accounting principles generally accepted in the United States of America.

Board Member Attributes. The following is a summary of some of the experience, skills and attributes that led to the conclusion that each member should serve as a director for the Fund:

Russell Cleveland, the Chairman, brings more than 50 years of experience in the investment business, 40 years of which were spent as a portfolio manager specializing in multiple classes of securities of small private and publicly traded companies. He is a graduate of the Wharton School of Business and has appeared on CNBC numerous times as a small cap analyst. He has been a Director of the Fund since its inception.

Charles C. Pierce, Jr. is a retired Vice Chairman of Dain Rauscher, Inc., former President of the Texas Stock and Bond Dealers Association, and former Chairman of the South Central District of the Securities Industry Association covering, Texas, Oklahoma, New Mexico, Kansas, and Colorado, and has been a Director of the Fund since 2002.

J. Philip McCormick was an audit partner and director of KPMG and KMG Main Hudman from 1973 to 1991, a member of senior management with Enserch Corporation from 1991 through 1997, and currently is a senior adviser to Stonehenge Growth Capital and a director of Quest Energy Partners, LP. He has been a Director of the Fund since 2006.

Ernest C. Hill was an Assistant Professor of Finance with Southern Methodist University and an Associate Director of the Southwestern Graduate School of Banking, and was instrumental in the formation of an Entrepreneurial Seminar for the Southern Methodist School of Business. He was awarded a Ford Fellowship to the Stanford School of Business, where he received an MBA with honors in Investment and Finance. He specializes in computer-aided investment analysis and administrative procedures. Mr. Hill has been a Director of the Fund since 1994.

Additional information concerning the directors is included in the Statement of Additional Information contained in the N-2 registration statement filed with the SEC by the Fund. This information may be obtained without charge by calling (800) 687-3863.

Consideration of Diversity in Board Membership. In selecting and re-electing board members, consideration is given to the presence on the Board of a broad spectrum of business acumen and personal perspectives. The Fund has members who bring experience in banking and finance, executive management of corporations, directorship, and success with entrepreneurial challenges, among others. The Fund intends to keep a diversity of skills and attitudes in its board makeup and assesses those qualities in any present director or one who is being considered for nomination to the Board.

Board Oversight of Risk. The Board endeavors to forestall risk by its development of fundamental investment policies for approval by the shareholders and other policies which are more flexible for the Adviser's activities on the Fund's behalf. The Board is also involved in the assessment and monitoring of risk by virtue of its review of the Fund's investment activities, noting whether the portfolio has industry or geographic susceptibilities, the appointment of the Adviser's portfolio managers to directorships on portfolio boards when indicated, and by review of the financial particulars of the Fund, including any occasions of debt. It also considers the strength of the Adviser's staff to provide uninterrupted investment and administrative services to the Fund.

Board Leadership Structure. The Board has determined that Mr. Cleveland's dual role as the Fund's Chief Executive Officer and Chairman of the Board is appropriate for this Fund. Mr. Cleveland is an "interested person" in the Fund, giving him an additional incentive for its good performance and protection. He has foregone compensation from the Fund for both roles except for his indirect benefit from the Adviser's management fee based on growth of the Fund's asset values and the growth in the market value of the Fund's stock that he owns indirectly. The appointment of a separate person serving as chairman would likely require the Fund to incur additional fee expense for the position, which the Board feels is unwarranted. The Board feels that its considerable oversight of risk fuses well with the Board's leadership structure.

Quarterly Reports

The Fund files its complete schedule of portfolio holdings with the Securities and Exchange Commission ("SEC") for the first and third quarters of each fiscal year on Form N-Q. A copy of each such Form N-Q is available on the SEC's website at www.sec.gov. Such forms may also be reviewed and copied at the SEC Public Reference Room in Washington, D.C., and you may call the Public Reference Room at (800) SEC-0330 for information on its hours, etc.

Proxy Voting Policies and Procedures

A description of the policies and procedures that the Fund uses to determine how to vote proxies relating to portfolio securities is available, without charge, upon request by calling (800) 687-3863. Furthermore, you can obtain the description on the Fund's website at www.rencapital.com.

Portfolio Proxy Voting Records

The Fund's record of proxy voting regarding portfolio securities is presented each year for the 12-month period ended June 30. It is filed with the SEC on Form N-PX and is available without charge on the SEC's website at www.sec.gov.

Matters Submitted for RENN Global Entrepreneurs Fund, Inc. Shareholder Votes

No change in the procedures for director nominations by the shareholders has been implemented since the last proxy statement was issued by the Fund.

Delivery of Shareholder Documents.

The SEC permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements or Notices of Internet Availability of Proxy Materials and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called "householding" and it helps eliminate duplicate mailings to shareholders.

RENN Global Entrepreneurs Fund, Inc. may household the mailing of your documents indefinitely unless you instruct RENN Global Entrepreneurs Fund, Inc. otherwise.

If you prefer to receive multiple copies of these materials, please call American Stock Transfer & Trust Co. at (800) 937-5449. You may also notify us in writing or via email. We will begin sending you individual copies of reports commencing with the first report mailed after receiving your request to stop householding.

Dividend Reinvestment Plan

Pursuant to the Fund's Dividend Reinvestment and Cash Purchase Plan (the "Plan"), a stockholder whose shares are registered in his or her own name will be deemed to have elected to have all dividends and distributions automatically reinvested in Fund shares unless he or she elects otherwise on a current basis. Stockholders whose shares are held in nominee names will likewise be treated as having elected to have their dividends and distributions reinvested. You may elect to receive cash distributions, net of withholding tax, by requesting an election form from the Fund's Plan Agent, American Stock Transfer & Trust Co. You may terminate participation by notifying the Plan Agent in writing. If notice is received by the Plan Agent not less than 10 days prior to any dividend or distribution it will be effective immediately. Information regarding income tax consequences should be directed to your tax consultant – the Plan will furnish information by January 31 following the year of distribution as to the category of income that the distributions represent. Your questions regarding the Plan should be directed to the Fund's Plan Agent, American Stock Transfer & Trust Co., whose telephone number is (718) 921-8275 and whose address is 40 Wall Street, New York, NY 10005.
